GT TOUR BLUE EDITION

The GT Tour collection adopts the codes of the classic car race. The matte blue dial and the red minute hand are inspired by the contrast of these two colours as seen on a racing car meter, a speedometer or RPM counter, allowing maximum legibility. Worn with a leather bracelet, the GT Tour Blue Edition is a tribute to the golden age of the vintage automobile race. Powered by the new caliber RSV-240, a proprietary patented three-complication module coupled to a manufacture movement (LJP-G100 base), combining retrograde minute, jumping hour and a 56-Hour power reserve. Delivered in a prestigious wooden box with an additional NATO strap.
