Immersion is imminent. A submarine quietly folds into the unfathomable depths of the ocean, disappearing without trace from the surface and taking with it a world whose space is enclosed in heat and wetness... The TIEFENMESSER collection takes its inspiration from the materials that feature so prominently in submarine equipment : the bronze and brass of a periscope. Bronze case mounted, blued steel hand on a vintage brown leather strap. Limited Edition of 10 pieces Delivered in a prestigious wooden box with an additional NATO strap.
